

DRIVING PENNSYLVANIA FORWARD

ORGANIZATIONAL ENDORSEMENT FORM

Driving Pennsylvania Forward is the state-wide effort to update policy and change legislation regarding accessibility of drivers licenses for Pennsylvanians, regardless of immigration status. Please direct questions to Desi Burnette at desiburnette@gmail.com

Issue at Stake and the Current Roadblock

Currently in Pennsylvania, undocumented people are not eligible to access driver's licenses and therefore risk deportation every time they go to work, school, commerce, or access health care. This causes fear and stress within immigrant communities including families with mixed immigration statuses, harms Pennsylvania's economy, and makes roads less safe because not all drivers have passed the driving test. This problem is a moral, faith, public safety, and economic issue. Providing unmarked driver's licenses to all Pennsylvania's will improve the Commonwealth for all while respecting the dignity of all families, regardless of immigration status.

The way forward for PA

We are working to make Pennsylvania the next state to pass this common sense legislation. We support legislation that will allow undocumented immigrants to show an IRS-issued tax ID number (ITIN) and/or a combination of documents proving their identity instead of a social security number. All other requirements for obtaining driver's license - proving Pennsylvania residency, buying car insurance, and passing a driver's test - would remain the same.

YOUR ENDORSEMENT

Endorsement means that your organization, business or religious institution publicly supports the driver's licenses for all campaign. The name of endorsing organization, business or religious institution will be listed under "Campaign Endorsements" in our materials, including press releases, legislative visits, social media, educational materials, and websites.

YES! This organization, business or religious institution supports the Driving Pennsylvania Forward effort to allow working Pennsylvanian’s access to a driver’s license, regardless of immigration status.
